

**DSG, INC. NAMED 40<sup>th</sup> FASTEST GROWING PRIVATE COMPANY  
IN THE PHILADELPHIA REGION**

*Ranking Announced at The Philadelphia 100 Awards Dinner*

**Malvern, PA, November 1, 2007**--DSG, Inc., a leading global provider of EDC software for the life sciences industry, today announced that it was named the 40<sup>th</sup> fastest growing private company in the annual Philadelphia 100 survey. The survey was conducted jointly by the Philadelphia Business Journal and the Wharton Small Business Development Center. Rankings are based on revenue growth over the past three years. DSG supports clinical trial data collection globally through its eCaseLink EDC software, electronic patient diaries, and Clinical Trial Management Systems software.

“DSG experienced another year of record growth and revenue in 2006 in all areas of business,” commented Tony Varano, CEO of DSG. He continued, “We also added more than 25 new global customers last year, and we hope to double the size of the company within the next year.”

Other recent DSG company milestones include:

- DSG’s eCaseLink EDC software was selected as the winner in the 2007 Society of Clinical Data Management’s (SCDM) first annual Data Driven Innovation Award
- DSG named to Inc. 5,000 list as one of the fastest growing private US businesses
- DSG’s core product, eCaseLink, was released with multi-language capabilities
- major partnerships in the Japanese, Indian and Chinese markets
- establishment of a new Data Management Division to provide strategic clinical data management services to customers
- dismissal of an industry-sensitive patent lawsuit

DSG, Inc. has been supporting clinical trial data collection with innovative technology solutions including EDC, electronic patient diaries and digital on-demand CRF publishing management software since 1992. DSG’s products allow user-friendly, accurate and efficient data capture at any investigator site regardless of the site’s technological infrastructure. DSG has successfully supported over 400 clinical trials for more than 300 companies, at over 18,000 sites with more than 200,000 patients worldwide.
